315mm	500mm	500mm	60 litres	Yellow	3.5kg

Sizes approximate, owing to shrinkage
Specification subject to change; please call to confirm details

PRODUCT NOTES:

- Mini bunds must be sited on level, fully supporting base
- If in doubt, please call to check material compatibility with product stored

STORAGE BASICS:

- Clearly label individual containers with details of contents and any hazard they pose
- Display warning signs, e.g. appropriate hazardous substances symbols (pictograms), at access points to dedicated stores
- Store different materials separately so they cannot mix if a leak occurs (this is a legal requirement for some substances - see HSE guidelines)
- Only keep the minimum working quantity of materials on site
- Protect storage from extremes in weather whenever possible, e.g. sunlight, frost
- Keep storage areas away, or isolated, from on-site drainage, surface waters and groundwater and vehicle routes.

PRODUCT DETAILS:

- Manufactured from 100% polyethylene with the latest UV stabilisation package
- Corrosion free
- Reinforced top lip for greater strength
- Can used as a drip tray
- Available in a variety of colours upon request

The Ecosure Mini Bund will help you to comply with the current oil and chemical storage regulations. Made entirely from polyethylene, it is suitable for use with all oils and most non-combustible chemicals. In the event of a leak, fluid is contained in the sump, preventing contamination to the environment.

BENEFITS:

- Protects the workplace, environment and personnel
- Retains long term structural integrity
- Maintenance free
- No drainage points to compromise the bund area
