

8 DRUM SPILL PALLET

Product code: ECO8DRUM

Product description: 8 drum spill pallet with removable grids

Product Information

Height	Width	Length	Capacity	Colour	Weight
555mm	1300mm	2500mm	1350 litres	Yellow as standard	80kg

PRODUCT NOTES:

Sizes approximate, owing to shrinkage

- Spill pallets must be sited on level, fully supporting base.

STORAGE BASICS:

- Clearly label individual containers with details of contents and any hazard they pose
- Display warning signs, e.g. appropriate hazardous substances symbols (pictograms), at access points to dedicated stores
- Store different materials separately so they cannot mix if a leak occurs (this is a legal requirement for some substances - see HSE guidelines)
- Only keep the minimum working quantity of materials on site
- Protect storage from extremes in weather whenever possible, e.g. sunlight, frost
- Keep storage areas away, or isolated, from on-site drainage, surface waters and groundwater and vehicle routes.

PRODUCT DETAILS:

- Heavy duty spill pallet
- Manufactured from 100% polyethylene with the latest UV stabilisation package
- 2 way forklift entry (only move unloaded)
- Tough construction to resist knocks
- Corrosion proof
- Available in a variety of colours upon request
- 2 year warranty against manufacturing defects

To help you comply with the current oil and chemical storage regulations, these spill pallets are designed for the long term safe bunding of drum containers. Completely manufactured from acid and alkali resistant polyethylene, with no steel parts in order to guarantee complete corrosion protection. They are suitable for all oils and most non-combustible chemicals. Each side is limited to a maximum of 1600kg UDL.

BENEFITS:

- Protects the workplace, environment and personnel
- PPG 26 compliant
- Designed for the safe storage of up to 8 x 205 litre drums
- Suitable for commercial & industrial use
- High impact strength
- Maintenance free
- No drainage points to compromise the bund
